VETRASTEP SERIES

VetraStep Series

Sentech's VetraStep Series is a complete line step-on glazing systems. Our VetraStep System is ideal for highly transparent glass staircases, pedestrian platforms and glass bridges, among other step-on applications as diverse as the mind can create.

Sentech offers embedded connections in all of our engineered solutions for glass pedestrian applications. Our product line also includes steel structures for staircases with curves or spirals for complex geometric applications.

-
- 316 stainless steel construction
 - Embedded fitting technology
 - Minimal hardware designs
 - Fully engineered solutions
 - Curved and spiral options
